- 2. Business Field :** Service, Trade,
- 3. Business scope :** Brokerage, purchase and sale of ships, Wholesale of petroleum and related products, coastal and ocean freight transportation, Ship agency services, Sea freight agency services.

### **II. ACCOUNTING PERIOD, CURRENCY USED IN ACCOUNTING**

#### **1. Annual accounting period**

The Company's financial year starts on January 01 and ends on December 31 every year.

#### **2. Currency used in accounting**

The currency used in accounting is Vietnam Dong (VND).

### **III. APPLICABLE ACCOUNTING STANDARDS AND REGIMES**

#### **1. Applicable accounting regime**

The Company applies the Vietnamese Enterprise Accounting Regime according to Circular No. 200/2014/TT-BTC dated 22/12/2014.

#### **2. Statement on Compliance with Accounting Standards and Accounting Regimes**

The Director ensures that he has fully complied with the requirements of the current Accounting Standards and Corporate Accounting Regimes of Vietnam in the preparation of financial statements.

### **IV. APPLICABLE ACCOUNTING POLICIES**

#### **1. Principles of recognition of monetary amounts and cash equivalents**

Cash and cash equivalents including cash at the fund, demand deposits, short-term investments with a recovery period of not more than 3 months from the date of investment are easily convertible into a specified amount of money and there is no risk of conversion into cash at the time of reporting.

#### **2. Principles for recording inventory**

Inventory is determined on the basis of cost price. The cost of inventory includes the cost of purchase, processing costs, and other directly related costs incurred to obtain the inventory in its current location and state.

The original price of inventory is calculated according to the weighted average method and is accounted according to the regular declaration method.

An inventory reduction provision is recorded when the original price is greater than the net realizable value. Net realizable value is the estimated selling price of the inventory minus

the estimated cost of completing the product and the estimated cost required for consuming them.

**3. Principles of recognition and depreciation of tangible fixed assets**

Fixed assets are expressed at historical cost minus accumulated wear and tear. Historical cost of a fixed asset includes all costs incurred by the Company to acquire the fixed asset up to the time of putting the asset into a state of readiness for use. Expenses incurred after the initial recognition shall only be recorded as an increase in the historical cost of a fixed asset if these costs are certain to increase the future economic benefits resulting from the use of such asset. Expenses that do not satisfy the above conditions are recorded as expenses in the period.

When a fixed asset is sold or liquidated, the historical cost and accumulated depreciation are written off, and any gains and losses incurred as a result of the liquidation are included in the income or expenses for the period.

Fixed assets are depreciated using the straight-line method based on the estimated useful life. The number of years of depreciation of fixed assets is as follows:

<u>Types of fixed assets</u>	<u>Number of years</u>
Houses, architectural objects	07 – 25
Machinery and equipment	02 – 07
Means of transport, transmission	06 – 22
Management equipment and tools	04 – 05

Time to depreciate 02 asphalt tankers, the Company deducts depreciation according to Official Letter No. 9426/BTC-TCDN dated 13/07/15.

**4. Business capital - fund**

The owner's investment capital is recorded according to the actual amount invested by shareholders.

**5. Profit after tax**

Profit after CIT in the first 12 months of 2024: -50.417.764.156 VND

Profit after CIT in the first 12 months of 2025: -32.890.210.838 VND

Profit after CIT in the first 12 months of 2025 is a difference of 17.257.553.318 VND compared to the same period last year due to the main influence of sales and service provision revenue, specifically revenue in the first 12 months of 2025 increased by 18.684.710.158 VND compared to revenue in 12 months of 2024. In addition, financial expenses in the first 12 months of 2025 decreased by 11.122.354.098 VND compared to the same period last year. Other indicators have changed but are not significant.

**V. Corporate Income Tax**

The determination of corporate income tax of the Company is based on current tax regulations. However, these regulations change from time to time and the final determination of corporate income tax depends on the inspection results of the competent tax authority.
